Get a COVID-19 Vaccine in San Ramon on Thursday or Friday

If you live or work in Contra Costa and have not yet received a COVID-19 vaccine, but you are eligible to receive one, you can make an online appointment today for our no-cost vaccination clinics on [Thursday](#), April 22 or [Friday](#), April 23 in San Ramon.

Drive-through appointments are available from 9 a.m. to 5 p.m. on both days in the parking lot at 2641 Camino Ramon in San Ramon. Anyone 16 or older who lives or works in Contra Costa County is eligible.

Appointments are required – no vaccine is available without one. No additional appointments will be available through these links after all the spots are filled.

The clinic is for patients receiving the first dose of a two-dose course of vaccinations. Patients will receive follow-up appointments for May 26 or 27 clinics at the same location.

This week's vaccination clinics are held in partnership with a coalition of county public safety agencies and partners that will provide the vaccinations, including the San Ramon Valley Fire Protection District, and Contra Costa Health Services.
