### **Mobile vaccine team helps Contra Costa get ready for reopening**

Contra Costa workplaces and community groups looking to prepare for of California's summertime reopening can now [request a visit](#) from our new mobile COVID-19 vaccine service.

If your group wants to fully enjoy reopening, but not everybody has had the opportunity to get a vaccine, now is a great time to schedule a visit to your location within the county from our new, no-cost mobile service.

California will [sunset its Blueprint for a Safer Economy](#) on June 15, relaxing many of the pandemic health guidelines affecting businesses and community activities – and allowing fully vaccinated people to visit most indoor public places without needing to wear a mask.

Your group or business just needs at least five vaccine-eligible people who want to get vaccinated, but they do not have to live in Contra Costa County, and there is no upper limit to the number of people who can get a vaccine.

Use the convenient [online form](#) to request a visit. CCHS will work with you to schedule a time Monday through Friday between 8 a.m. and 3 p.m., within one week of your request.

COVID-19 vaccine is safe and effective, and the best protection we have against the virus. Get summer off to a healthy start with a visit to your workplace or group from the CCHS vaccine van!
